

CAPTAIN ROBERT SEAMAN BSC FRMETS

Robert Chairs the inter-Livery Green Aviation Task Group which provides insight into the real economic impact of net zero finance within the aviation sector and promotes a global approach to sustainable aviation.

As director of Greentail, Robert delivers net zero aviation financial structures for fleet acquisition. He is a Captain with one of the most sustainable airlines in the world and has been its sustainability pilot and an advisor on the UK Flight Safety Committee.

A previous career in the UK government culminated as head of policy advice on National Security issues including climate policy and diplomacy at the UNFCCC Paris COP and, also the implications of geoengineering. This building on a strong technical understanding of weather and climate science.
